

NEECHAN BHANGA RAAJA YOGA – A TWIST IN THE TALE

Hi friends,

Quite often, we get too excited when we see “ Neecha bhanga Raja yoga “ in our charts and we expect fruitful results from it. But when exactly this yoga will work and give good results? That is the question.

In astrological texts, some conditions were given for cancellation of debilitation of a debilitated planet. They are:

1. If the lord of the house where the debilitated planet is posited, is in Kendra from Lagna or Chandra lagna.
2. If the planet that gets exalted in the house where debilitated planet is situated, is in Kendra from lagna or Chandra lagna.
3. If the debilitated planet is aspected by the lord of its exaltation sign.
4. If the lord of the exaltation house of the debilitated planet is in Kendra from lagna or Chandra lagna
5. If the lord of the house where the debilitation planet is situated, aspects the debilitated planet.
6. The debilitated planet is exalted in navamsa or D9 chart.
7. If the planet that gets exalted in the house where debilitated planet is situated aspects the debilitated planet.
8. If an exalted planet is posited in a house along with the debilitated planet.

If the cancellation happens satisfying more conditions listed above, more stronger is the cancellation.

Now consider this chart:

Venus is Aries ascendant at 29.45 degrees , Sun and Mercury in Taurus, Rahu in cancer, Mars in Leo, Moon debilitated in Scorpio (Anuradha I quadrant), Ketu in Capricorn, Saturn in Aquarius, Jupiter in Pisces. In this chart, the debilitation of moon is cancelled by multiple factors. Here in this chart by four factors.

Since Moon is in Anuradha nakshatra, the first Mahadasa is that of Saturn and the latter dasas are of Mercury, Ketu, Venus, Sun and Moon etc.

This individual had saturn dasa- Moon antardasa from 12.12.69 to 12.07.71 at the age of 7-8 years. He was very sickly at that time and had bad years in school.

The Mercury - Moon period was from 09.02.85 to 09.07.1986 at the age of 22-23 years. During this period He got appointment in a good job but had to wait for long period i.e. more than 6 months for actual posting to happen. In the place of first posting, he had serious ill health.

The Ketu – Moon period occurred between 12.12.96 to 12.07.1997 during which time he caused his organization monetary loss of Rs.3-4 lakhs and was charge sheeted. He was under tremendous mental tension.

Venus – Moon period was from 09.05.2006 to 09.01.2008. In this phase he lost his respectable and cushy job due to some case which was not serious but had to face severe punishment of dismissal. Then he had approached high court and got reinstated on a legal technicality. The organization had exhausted all their possible appeals in all higher courts in futile. However this process lasted 13 years. Thereafter he was re-inducted and as per the rules of the organisation, re-inquiry was conducted in 2021.

Sun -Moon period was from 27.04.2022 to 27.10.2022. During this sub period, the organization after re-inquiry found him guilty again and dismissed him once again. His appeal against this re-dismissal is again in high court and the matter is pending in court.

Thus the debilitated planet Moon whose debilitation is cancelled by multiple factors also did not give any good results in its antardasas of maha dasas of other planets.

So, a debilitated planet with cancelled debilitation will give positive results only in its Maha dasa. Suppose the native is to witness that maha dasa too late due to very old age or if it was already completed in early childhood, then it is fruitless.

Thus my request is, don't get too excited when you find that a debilitated planet in your horoscope has its debilitation cancelled. There are many twists in the tale. Please find out those tales.
